Fashion vs. Comfort in Furniture

Some people put fashion above comfort; others put it below. We insist on both.

There is a certain dignity and attractiveness about a home with furniture that is made just right in line—that harmonizes all over the house—and there is an immense amount of satisfaction in knowing that your visitor is comfortable, no matter what chair or couch, or davenport she picks out.

It is just as easy, if you are careful in selecting, to get this combination in your home, and we have tried to help you by making our selections carefully in advance. This is such an important feature of our service, that we say emphatically—

"If it isn't satisfactory, return it."

Ladies' and Misses' Coats

This is surely Coat weather and our Coat department is full of Coat models that are the season's best. Never was there a season when there was so large an assortment of different and very up-to-date models.

For the next six weeks our garment stock will be replenished with new models as fast as we can get them from the factories. Our plan of keeping in close touch with the market brings us the new models as soon as they are out.

If you want a good warm Coat that is made up in a sensible, nice tailored style, see the Salters Plushes and Persians and the Salts fabrics. These we have in the large sizes, especially designed for stout ladies. We will do all we can to have just the Coat or Suit that will best please and suit the average trade. For those who want something a little different we are always looking for just that thing and through the season you will always find new models coming into the department. This season Blacks seem to be very strong, both in Suits and Coats.

Ladies' Tailored Suits

The Suit season is now at its height and we are showing some very good values in cloths that are the season's best. The demand for Black Suits has been very strong thus far this season. We received by express Monday a number of extra good Black Suit models.

One Special Black Suit just in is cut in the long riding coat style; has the new full skirt and we have the sizes up to 47 bust measure. This is a Special at \$18.00. It is made from a good weight twill serge.

In the Junior Suits we have some special values that are made from a good weight cheviot serge. Comes in all colors and in 15, 17, 19 years sizes; is a special at \$12.98.

We have now a large line of the popular Wooltex Suit models that are made from the season's most popular cloths. The chevots and broadcloths are very strong and they are a cloth that for service have no equal.

The Wooltex Suits are shown in the season's best models and at the prices from \$20.00 to \$40.00. They are the standard Suit quality.

At \$12.98 we are showing a line of Suits that are made up from chevots and serges. These are shown in a number of the best models and are a special at the price, \$12.98.

Confidence and a Proven Line

Many ladies throughout this section depend on us to supply them with correct merchandise. That our merchandise has been invariably correct is a fact established by many years of successful selling. We only buy from houses who carry reliable merchandise. People who have won this success as we have, do it only by giving the trade the best values possible for the money.

Never was our store so full of the season's best merchandise as at present. Merchandise that is bought right and priced right, goods that are the season's best for style and quality.

If we have not got what you want we are more than glad to get it for you. See our values in Wool and Silk Dresses. Our Separate Skirt stock is complete in every detail. See our Special Long Tunic Skirt, from all-wool serge, for only \$2.98.

We have some special values in Ladies' Bath Robes that are made from the Beacon blanket.

Now for Fall and Winter Kinds

When October comes in we all expect colder weather and we usually get it.

We can help you a whole lot in selecting warmer bedding and warmer clothing. We do not sell wool or coal but we do have for your use the largest line of the kinds we keep that you will be able to find.

Blankets in all grades. Comfortables from \$1.00 up to \$7.50 each.

Munsing Underwear in winter kinds at 50c, \$1.00 and \$2.00 for Union Suits.

Separate garments at about half the price of suits.

Bennington Underwear for children from 30c to 75c, according to size.

Bennington Underwear for ladies, \$1.00 and \$1.50 each.

Black Cat Hose in wool and heavy fleeced at 25c and 50c. These are the par of best values. They outwear other grades.

You can buy, and buy accurately, just what you want in any of the above goods by mail or 'phone, and we pay the parcel post and warrant every piece to please on the privilege of a return. We want your business. We want it by a square deal on what we have to sell.

You may be hearing a great deal about our Millinery Department. We are doing lots of good advertising by showing the trade one of the largest lines in the city. A comparatively small price buys a neat, well-made hat. Miss Whitney's old customers will be well served here and prices will be as low as they have ever been quoted in past seasons. Miss Whitney has full charge of this department, buys all of her hats and trimmings. She has an idea of what the best trade are looking for.

The latter, who is at present located in Montreal, underwent an operation on his throat at the Victoria hospital. The operation was serious and for several days his life hung in the balance. His condition is now somewhat improved and recovery is expected.

STANDARD OIL UNDER FIRE.

Senate Resolutions Order Two Separate Investigations.

Washington, D. C., Sept. 29.—Two investigations of the Standard Oil company were ordered by the Senate yesterday. One of them was upon a resolution by Senator Chilton of West Virginia, which alleged that the Standard had refused to purchase or carry the product of independent producers; that whereas they formerly bought all, they now take but 25 per cent.

The resolution as amended and passed directs the interstate commerce commission to look into the matter and report to the Senate.

The other investigation is to be made by the new federal trade commission "as soon as organized" into the capitalization and profits of the subsidiaries of the Standard Oil company, their relations to the parent company, and a comparison of the relations now with the relations before the dissolution ordered by the supreme court; also a comparison as to the profits before and after dissolution. This is the Gore resolution of last week. The Senate passed both without debate or objection.
